DETAILED ACTION

Drawings

1. The drawings do not comply with 37 CFR 1.84(p)(3), which states that lettering "must" measure 1/8 inch height, minimum.

Claim Objections

2. Claims 1-20 are objected to for the typographical errors in claims 1, 3 and 4 wherein "plurality dependent devices" should read --plurality of dependent devices--.

Allowable Subject Matter

3. Claims 1-20 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art does not disclose applicant's generalized method of independent claim 1, characterized by steps of 1) identifying an electrical characteristic of an "alpha device" (i.e. a device on which there is a dependent device for manufacturing testing), 2) identifying the electrical characteristic for a plurality of dependent devices, and 3) identifying a group comprising the alpha device and the plurality of dependent devices including the electrical characteristic for associated manufacturing testing.

Conclusion

5. This application is in condition for allowance except for the following formal matters:
 - Submission of formal drawings compliant with 37 CFR 1.84.
 - Correction of trivial error in independent claim 1.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
